SKILLS

- **Languages:** JavaScript, Java, Python, C, C++
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design
- **Backend:** Node.js, Express.js, REST APIs, API Integration
- **Databases:** MongoDB, PostgreSQL, MySQL
- **Cloud:** AWS (Cloud Practitioner)
- **Developer Tools:** Git, GitHub
- **Soft skills:** Problem-Solving, Good Communication skills, Team Collaboration, Adaptability

WORK EXPERIENCE

Full Stack Intern | Vanillakart |

Sep 2025 – Nov 2025

- Collaborated with cross-functional teams to design, develop, and deploy responsive full-stack web applications using React.js, Node.js, Express.js, MongoDB, and REST APIs for real-world client projects.
- Wrote clean, modular, and maintainable code, debugged application issues, optimized performance, and enhanced customer-facing web applications using modern web development practices.
- Used Git and GitHub for version control workflows while implementing scalable backend services and participating in project reviews to ensure timely delivery.

PROJECTS

InvestraIQ – AI Fintech Analytics & Research Platform |

July 2026

- Developed a full-stack web application using React.js, Node.js, Express.js, and REST APIs to present financial insights through interactive dashboards and user-friendly reports.
- Designed and implemented scalable backend services and modular API integrations to process financial metrics and market data.
- Built responsive user-facing front-end applications, integrated APIs, optimized application performance, and managed source code using Git and GitHub following version control workflows.

PackSavy – AI Packing Assistant |

Jan 2026

- Built a full-stack web application using React.js, Node.js, Express.js, REST APIs, and Tailwind CSS to generate personalized AI-powered travel packing recommendations.
- Integrated Google Gemini and Open Weather APIs with scalable backend services, optimized application performance, and converted UI/UX wireframes into responsive, mobile-first user interfaces.
- Collaborated on application architecture, debugged issues, implemented clean and maintainable code, and used Git and GitHub for version control throughout development.

TRAININGS

Data Structures and Algorithms Training | Cipher Schools |

Jun 2025 - July 2025

- Solved programming problems using Java and C++, applying data structures, algorithms, and logical problem-solving techniques.

Full Stack Development Training | Apna College |

Dec 2024 - Apr 2025

- Built end-to-end full-stack projects with React.js, Node.js, Express.js, MongoDB, Git, GitHub, and REST APIs, following modern development and deployment practices.

CERTIFICATION

- AWS Certified Cloud Practitioner | AWS | 

May 2025

EDUCATION

- **Lovely Professional University**
Bachelor of Technology - Computer Science and Engineering
CGPA: 8.25
Phagwara, Punjab
Aug 2023 - Present
- **Narayana Junior College**
Intermediate - PCM
Percentage: 98.7
Hyderabad, Telangana
Apr 2022 - Mar 2023
- **Jawahar Navodaya Vidyalaya**
Class 10th – CBSE
Percentage: 96.0
Nalgonda, Telangana
Apr 2020 - Mar 2021
