SKILLS SUMMARY

- **Languages:** Java, Python, C, C++
- **Frontend Technologies:** HTML, CSS, JavaScript, Tailwind CSS, React.js
- **Backend Technologies:** Node.js, Express.js, MongoDB, PHP, MySQL, RESTful APIs
- **Version Control & Tools:** Git, GitHub
- **Soft Skills:** Adaptability, Team Collaboration

PROJECTS

AI Packing Assistant

Jan '2025

- Applied new API technologies efficiently to build real-time, weather-based packing suggestions tailored to user activity types
- Led web application development with ownership mindset; optimized backend to boost page speed by 40% and built a drag-and-drop UI that enhanced packing efficiency by 25%.
- Improved user experience through continuous iteration and communication with test users, leading to 35% higher packing accuracy and 98% device compatibility

Horticulture Connect

Sep '2024

- Solved real world agricultural problems by designing a scalable full-stack platform that gave 100+ farmers AI-based insights to increase expected profits by 20%.
- Exhibited strong collaboration and empathy by gathering feedback from rural users and simplifying the dashboard to boost decision-making speed by 30%
- Took ownership of deployment and debugging, with live data dashboards and modular backend architecture for future scalability.

TRAININGS

Data Structures and Algorithms Training | Cipher Schools

Since Jun '2025

- Pursuing an in-depth DSA course covering core concepts such as arrays, linked lists, trees, graphs, and advanced programming techniques with a focus on writing clean code.
- Strengthening algorithmic thinking through hands-on coding in Java and C++, with regular practice on LeetCode and GeeksforGeeks
- Enhancing time and space complexity analysis skills to build optimized solutions for interviews and real-world applications.

Full Stack Development Training | Apna College

Since Dec '2024

- Learning full-stack development through a project-based curriculum focused on modern web technologies and real-world applications.
- Developing responsive web applications using HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB.
- Gaining expertise in Git, GitHub, API integration, deployment, and full-stack best practices.

CERTIFICATION

- Cloud Computing | NPTEL

Apr '2025

ACHIEVEMENT

- Solved 150+ DSA problems across platforms like LeetCode and GeeksforGeeks, enhancing algorithmic efficiency

EDUCATION

- **Lovely Professional University**
Bachelor of Technology - Computer Science and Engineering
CGPA: 8.28

Phagwara, Punjab
Since Aug '2023

- **Narayana Junior College**
Intermediate - PCM
Percentage: 98.7

Hyderabad, Telangana
Apr '2022 - Mar '2023

- **Jawahar Navodaya Vidyalaya**
Class 10th – CBSE
Percentage: 96.0

Nalgonda, Telangana
Apr '2020 - Mar '2021
